

NEW TOUCH FREE Sanitizer Dispenser & Floor Stand

PERFORMANCE PLUS NO TOUCH HAND SANITIZER SYSTEM

keeps your hands clean and sanitized without having to touch germ surfaces. Built-in accurate Infrared motion & PIR sensors detect your hand within one pass, and delivers the right amount of gel hand sanitizer or lotion soap into your hand.

Made from stainless steel, the elegant floor stand is adjustable, rust proof, and durable. The sophisticated and robust design fits perfectly for offices, receptions, lobbies, schools, gyms, or wherever Touch Free Hand Sanitizing is needed.

- + Stainless steel, stable and durable
- + Compatible with gel sanitizer or lotion soap
- + Adjustable 5 level liquid soap supply from 0.5ml to 2.5ml
- + LED indicator, red for working and twinkling for low battery
- + Lock system on top to avoid being tampered with
- + Waterproof, sealed electronic components
- + Requires 6 +AA batteries. **Batteries NOT included**
